

Life of William Cowper: With Selections from His Correspondence (Classic Reprint)

Excerpt from Life of William Cowper: With Selections From His Correspondence

In the present case, the Private Memoir, written by Cowper himself, of the first thirty-four years of his life, is the only document which can be called authentic; and which has some sort of completeness. It is given entire in the Appendix to the present volume. But this narrative includes only the first and most barren portion of the poets life. The other biographies of Cowper which exist could neither be copied nor abridged. The two principal writers, Hayley and Southey, were each wholly unfit for the task, from their want of appreciation of the poets views and feelings. We do not usually look to an ardent Churchman as the fittest person to delineate the character of an eminent Dissenter. A Jesuit, however able, would not be the right person to frame a memoir of an eminent Jansenist. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
