Autonomic radio networks channel allocation - IEEE Xplore Document Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #:. Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **Information assurance aspects of Rapid Software - IEEE Xplore** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #:. Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **military communications conference. iee. 2008. (cd-rom) milcom 08** 2008 IEEE MILITARY COMMUNICATIONS CONFERENCE: MILCOM 2008, VOLS 1-7. Journal. Overview Research publications **DoDAF analysis of the high bandwidth high - IEEE Xplore** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #:. Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **A three-tier damage-driven security infrastructure for - IEEE Xplore** Title:2008 IEEE Military Communications Conference (MILCOM 2008) Desc:Proceedings of a meeting held 16-19 November 2008, San Diego, California. **MILCOM 2008 - 2008 IEEE Military Communications Conference** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #:. Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **MANET routing with chutes and ladders - IEEE Xplore Document** Browse Conference Publications > MILCOM, Military Communication . MILCOM 2008 - 2008 IEEE Military Communications Conference MILCOM 2007 **MILCOM 2009** The general problem of communications routing in mobile ad hoc networks Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. **Performance of seamless soft handoff protocol for - IEEE Xplore** The MILCOM 2017 theme, Military Communications and Innovation: Priorities for conferences and offers educational opportunities including the IEEE WCET **OFDM modulation schemes for military satellite communications** Results 1 - 25 of 631 Conventional wireless communication systems are designed based on point-to-point links whose performance is limited by the resources of **2017 MILCOM** Published in: Military Communications Conference, 2008.

MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **The effect of open-loop power control margin on the - IEEE Xplore** Performance assessment of military wireless network designs should ideally be Published in: Military Communications Conference, 2008. MILCOM 2008. **Ultrawide bandwidth serial-search multi-dwell - IEEE Xplore** Title:2008 IEEE Military Communications Conference (MILCOM 2008) Desc:Proceedings of a meeting held 17-19 November 2008, San Diego, California. **How to leak a secret from multiple sources - IEEE Xplore Document** We study ultra wideband (UWB) communications over dense multipath channels Published in: Military Communications Conference, 2008. MILCOM 2008. **DTN-based free-space optical and directional RF networks - IEEE MILCOM 2008 - 2008 IEEE Military Communications Conference.** Overview. scroll to property group menus. Overview. publication venue of. Phase noise effects **An enhanced V-BLAST with non-stationary - IEEE Xplore** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **Secure communications over hybrid military networks - IEEE Xplore** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **Successful specification development for radio test systems - IEEE** Results 151 - 175 of 631 Signature-based intrusion detection systems (IDSs) can be evaded by polymorphic worms which vary their payloads in every infection **MILCOM 2008 - 2008 IEEE Military Communications Conference** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **Error analysis of orthogonal space-time block coding - IEEE Xplore** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **A military communications operational environment model - IEEE** The Challenge of Convergence. MILCOM is the premier international conference for military communications and attracts the best and brightest with high-level Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **MILCOM, Military Communications Conference - IEEE Xplore** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **MILCOM 2008 - 2008 IEEE Military Communications Conference** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **Analysis of filter-based non-coherent detection of - IEEE Xplore** Published in: Military Communications Conference, 2008. MILCOM 2008. IEEE. Article #: . Date of Conference: 16-19 Nov. 2008. Date Added to IEEE Xplore: 19 **MILCOM 2008 - 2008 IEEE Military Communications Conference A technology study on tactical naming service for - IEEE Xplore** Results 201 - 225 of 631 Publication Year: 2008, Page(s):1 - 6 or BuEC-G, is useful both as an abstraction of a number of military communications channels,
