

Loved In Pieces (The Intentions Series)

A-list actress, 17-year-old Liana Marie Michael struggles to find herself when Hollywood's obsession with youth and power threatens to destroy her future. Liana is dating Hollywood's hottest heartthrob and is on-set filming her seventh motion picture with sexy co-star Byron. Surrounded by a culture of casual sex, drinking and drugs, Liana feels lost and confused. To top it all off, she realizes she may be deeply in love with her childhood best friend, who is NOT a fan of the Hollywood scene. With her film soon to wrap, her acting contracts up for renewal, her high school graduation looming and growing tension between her and Manuel, life feels overwhelming. Will Lia Marie find the courage to share her love for Manuel? In the eternal quest for youth, what life-shattering secrets has Liana's mom been keeping from her? Can Liana wish to live a normal life ever come true? LOVED IN PIECES is not only a love story. With fast-paced narrative that reflects Hollywood's hyper-drive lifestyle, Ms. Hanna transports the reader into an actor's daily life and demonstrates how difficult it is for young adults to break free from a path created by someone else - even when it is a successful one.
