

The Phantom Legion (The Mountain War Trilogy Book 2)

Against a darkening backdrop of terror and destruction The Phantom Legion, the second book in the Mountain War Trilogy, continues the story of Amy Deacon, Ben Scarlett, Sam Colter and Greeley Brown. As the Civil War further tears the region and its inhabitants apart they wage an underground war on the side of the Union. Each, in their own way, will be given the opportunity to triumph or perish in a world gone mad. Cameron Judd has filled this work with fascinating human details gleaned from exhaustive research into the Civil War era folk history of the mountains of eastern Tennessee and western North Carolina.
