

Fade to Black: Book One: The Weir Chronicles

Ian Black is an illusionist with a talent for keeping secrets. College student Rayne Bevan has a gift for uncovering them. She suspects that the popular performers skills extend beyond the stage and that hes the areas mysterious and elusive defender of the innocent. In her efforts to uncover the truth, Rayne is swept into the hidden world of the Weir, a magical race who struggle to prevent Earth from self-destructing. Her inquiries expose Ian to those who would kill for his connection to the planet, and as he fights to keep Rayne safe, they discover a force behind the Weirs raging civil war-a traitor bent on launching Earths Armageddon.
