

## Channeling Biker Bob #3 Magicians spell

Third in the Channeling Biker Bob series, Renee, for the first time, takes off alone for the adventure of her life. She meets Katherine and they ride into the desert to hook up with Billy Black and Cherry, who takes the two women to an ancient spot. Cherry forces them to go beyond their own endurance and bring them through a female initiation that makes them stronger. At the same time, we follow Nick Brown through his marijuana addiction and experience his stopping for the first time in fifteen years. Its not pretty. We spend more time with Melinda, Twig, and Stewart as they struggle with relationship and maintaining their integrity with each other and their mates. Between mythical rides in the desert, the One on One gang work out gender issues among themselves and with their women. The story leads to a meeting of men and women where Cherry tells the women a thing or two about mens emotional constitution.
