

## Gone Wild

From James W. Hall, the highly acclaimed best-selling author of *Hard Aground*, *Mean High Tide*, and *Bones Of Coral*, comes a stunning and superbly rendered new thriller in which the most deadly animals in the jungle are the ones that kill for money. With one poachers bullet, a young womans life is tragically, brutally taken--and her mothers is shattered forever. Thus begins *Gone Wild*, James W. Halls electrifying new novel, which penetrates the lush, sultry jungles of Africa and Malaysia to explore the mercenary slaughter of animals--and to expose the savagery and humanity in us all. *Gone Wild* brings back Thorn, the haunting, quixotic hero last seen in the best-seller *Mean High Tide*. And in a novel filled with the authors signatures exotic locales, vise-tightening suspense, steamy sexuality, hypnotic prose--Hall introduces a bold new element: one of the toughest, most complex female characters in modern fiction. Allison Farleighs desperate struggle to save the endangered orangutans from poachers--and to uncover the truth about her daughters murder--give the novel its passion and its fire. And the shocking international conspiracy she exposes in the process gives *Gone Wild* its relentless, heart-pounding tension. A mesmerizing journey into the heart of darkness, *Gone Wild* is one of those rare thrillers that not only makes you sweat--it makes you think. From the Hardcover edition.
