

## Goethe (Classic Reprint)

Excerpt from Goethe Benedetto Croce's philosophy and criticism are, I believe, becoming known every year to wider circles, both on the North American continent and among ourselves. His philosophy was the first side of his genius which I was able to offer the English-speaking world, and the first to appear of the four volumes, now in its second English edition, was the aesthetic. Readers of this treatise will find its principles underlying the whole of Croce's criticism; alone among great philosophers he has proved his theories by applying them to life and literature. The main thing to remember in reading his critical essays is that for Croce the aesthetic or artistic faculty is one of the eternal forms of the human spirit, distinct, but not separate, alike from the ethical and economic activities, which, with the logical, complete the entire circle of the human spirit. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
