

How the Steel Was Tempered (Chinese Edition)

Pavel lost his father in his childhood and had to work in a canteen at 12. At the bottom of society, he is ill-treated on many occasions. As the October Revolution breaks out, he is betrayed by Victor, and put into jail. Out of jail, he joins the Red Army and travels across the country. He is seriously injured in a battle but he survives it and joins the efforts to consolidate the new regime and recover the economy. He works so hard that his health gets worse and he loses his sight. With the help of his wife, he writes a novel Children of the Storm, much appreciated and to be published.
