

How I Became A Shemale Escort

After seeing a beautiful flight attendant at the airport, Jake decides to follow her. He knows its wrong but he is driven by deep envy of her stunning beauty and pretty uniform. She is everything he wants to be. After hatching a plan to meet her in real life, Jake discovers that the innocent young girl he idolizes is not so innocent, and as he gets sucked into her life, his own dream of transgender transition gets warped into a life of shemale prostitution. In this hyper realistic novella a young transgender girl comes face to face with her fantasies of being a shemale bimbo and discovers that the old maxim is true - be careful what you wish for. This book is highbrow transgender erotica with content that centers on transsexual themes including shemales, uniform fetishes, transgender sex with straight men, and a little girl on girl action.
