

Juggernaut (Linda Kay Daniels Adventures Book 4)

If your career took off in an unexpected direction, would you fight the change, or would you go with the flow? If your duty and honor came in conflict with your faith and self-respect, would you play the victim and withdraw from the struggle, or would you navigate a path that resolves the conflict? If an alien planet wanted to conquer Earth, would you destroy the alien world, or would you help save the alien planet if that was the best way to save your own world? For Lieutenant Linda Kay Daniels, answering these questions won't be easy . . .
