

Jack Among the Indians or a Boys Summer on the Buffalo Plains (Classic Reprint)

My Dear Nephews and Nieces :A long time ago, before any of you were born, great herds of buffalo fed on the western plains, and wild Indians lived by hunting them. They ate the flesh, wore the skins as clothing, slept in lodges made from the hides, and fashioned tools from different parts of the buffalos body. There were few settlements, and as the buffalo roamed far and wide over the treeless land, the Indians followed them; for then both were free. Often a tribe was obliged to defend itself against the attacks of enemies; and its young men often made war journeys into hostile country. Though the daily life of the village was quiet and simple, yet sometimes it was interrupted by most exciting incidents and adventures both of hunting and fighting. You listened attentively to the story of Jack, the Young Ranchman, arid. I hope that you vill like to learn what Jack did the next season, when he spent the summer with the butfalo eaters of the Northern Plains, hunted their game, fought their enemies and lived their life. VJ rf I Your affectionate UNCLE. NEW YORK, SEPT. i, 1900.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
