

Neptune and Surf (Modern Erotic Classics): (Blue Moon)

This trio of explicit novellas captures the unique character of love and sex in America in three different eras of its history. Neptune & Surf shows us a world of forbidden interracial sex in New York's infamous Coney Island in 1955; The Mercy Cure is a modern-day exploration of BDSM sex among de-frocked lesbian nuns; and Gianni's Girl is the infamous account of a haunting gangbang among Chicago's bootleggers in 1927. Hardcore, uncompromising, explicit and powerful: Neptune & Surf is a sensation.
