

## One Wifes Solution (Jenny and John Series) Book 1: Awakening

This is the story of Jenny and Johns switch from a normal vanilla relationship to one where Jenny is definitely in charge. This book is a must read; a beginning of series, no holds barred, story of female domination and male submsion in a Female Led Relationship (FLR). ----\*--- There are a number of things wrong with Jennys marriage but she still loves her husband John deeply. When he asks her to spank him she seizes on the opportunity to make a few changes, with some long term goals in mind, to correct some of the things that are wrong or missing from their life together. But first she has to ensure that John is completely under her control, obedient and adoring. To achieve this she has to strip John of all dignity, pride, possessiveness, selfishness and most of all his will to act independently, his self determination, and then replace all that with just one thing an irresistible desire to selflessly serve her, to make her happy and contented, for the rest of his life.
