

Prophecy (Deathlands Book 89)

After the nuclear winter, the taint of humanity worsened in the raw blood-quest for survival. Hunger for jack and power now fuels traders and barons, who relinquish authority only through death, crushing everything in their path. Still, a handful seek a better way of life, where iron fists and ordnance are replaced by harmony, justice and fair trade. Separated by fate and a freak storm in the shifting landscape of the Great Plains, the companions find themselves on a path of strange prophecy. Here, Native American tribes embrace a peaceful, sacred way of life the travelers have only imagined. Still, Deathlands is a place with no reverence for ease or peace; the land was once the clandestine sanctuary of preDark science. Are Ryan Cawdor and his warrior survivalists destined to fulfill a vision-quest foretold by the shamans or take a final, fatal plunge into the grim reality of a shattered world?
