

Tell It in Gath (Classic Reprint)

Excerpt from Tell It in Gath The seven chapters included in this book are an abridgment of ten comprised in its complete form. Stress of war-time conditions compelled the omission of a second chapter on Poe and of two others on the work and career of Whistler. The aim of the work will be clear to all who share the authors conviction that the world has long owed an unacknowledged debt to the genius of the Southern States of the American Union a debt whose nature and extent he here attempts to indicate.
