

## The Blind Season: Common Threads in the Life

Ronald L. Donaghe continues his series with a novel that excels both as a family and an action drama. Five years after the events of the novel *Common Sons*, young lovers Tom and Joel decide to start a family. The struggles they face come from unexpected sources, keeping readers guessing at the next obstacles or solutions. Donaghe delivers what should become a classic of gay literature.—Duane Simolke, author of *The Acorn Stories* In *The Blind Season*, the sequel to the best-selling novel *Common Sons*, Joel and his husband, Tom, decide to start a family. Knowing that two gay men will never be able to adopt, Joel and Tom decide to find a surrogate mother to carry their child. What they find is a lot more than they bargained for. Sharon Minninger, a beautiful and determined runaway from a Mennonite community near Nuevo Casas Grandes, Mexico, offers to carry their child. Her influence has more impact on their lives than the couple could ever have imagined. Joel and Tom discover that the backlash of their decision to be fathers is much worse than expected. They are unprepared for the venomous reaction from some of the less open-minded citizens of the small southwestern New Mexico town. Luckily, the two men have powerful allies in the battle over their child.
