The Fresher Lucy Jenkins revised edition
This is a revised edition of The Fresher Lucy Jenkins. The book has been split into more, shorter, chapters to make it easier for the reader. Also an additional chapter has been added to tell you all about Lucys misadventures with the college gatekeeper. This is the second instalment of Lucys adventures. Lucys sexual awakening began with a trip to her best friends house over the summer. She witnessed so much lustful naughtiness that in the end her own desires just had to be satisfied. The start of Lucys journey into womanhood is captured in The Amorous Adventures of Lucy Jenkins. After leaving Milton Manor Lucy travels back to South America where her father is serving as a diplomat. He is on the move to Thailand and Lucy is on the move too, to college. She accepts a place at St. Cuthberts in Oxford and travels back to England to begin her studies. Now that her lustful desires had been awakened, Lucy finds herself unable to resist almost any opportunity to participate in wanton naughtiness. Her style of dress is so provocative that men buzz round her like bees round a honey pot. Naturally as a young woman with very healthy appetites and a taste for adventure, Lucy soon finds herself in all kinds of compromising positions. She means to be good but somehow she just cant stop herself from indulging her wicked naughty side. The Fresher Lucy Jenkins follows our naughty heroin through her first year at St. Cuthberts and the deliciously lustful encounters that she enjoys along the way. It is a coming of age tale and by the end of the year well, you will just have to read it for yourself to find out. The book is sexually explicit throughout and graphically describes Lucys intimate exploits as a young, adventurous and very willing eighteen year old young woman.
