

Web of Life (Through the Fold) (Volume 3)

Nobody knows more about the evil Masters on New Ontario than Sally Buds, but now there may be trouble coming from her side of the fold. A Japanese ship representing the Asian Economic Alliance is heading towards the fold and the UN fears they may be trying to forge an alliance with the Masters. This time Sallys crew includes a battalion of soldiers armed with a deadly weapon. But the mission turns out to be different than expected. Trapped in a realm that defies physics, Sallys crew encounters an intelligence beyond human reasoning and a beast that stalks them mercilessly seeking revenge for a crime they cant imagine.
